

new product release

Introducing the West-Call® Audio Call Cord† for the NV-SPS1.

The **Audio Call Cord** is an easy-to-hold pendant device that connects to the NV-SPS1 to provide reliable nurse call function and two-way voice communication.

The West-Call® Audio Call Cord Features:

- ▶ Effective two-way voice communication.
- ▶ Large, highly visible nurse call button with Braille for easy activation by any user – even those with limited dexterity.
- ▶ Ergonomic pendant design is comfortable to hold in one hand.
- ▶ Durable ABS plastic case absorbs shock for greater durability against drops and bumps.
- ▶ Mylar cone and speaker provide moisture resistance and quality sound.
- ▶ Smooth pendant case is easy to disinfect.
- ▶ Plug-and-play connection makes replacing cables simple with no soldering needed.
- ▶ Bottom cord entry provides balanced handling.
- ▶ Uses a four-screw case design for fast repairs.
- ▶ Eight-foot cord length to fit most rooms.
- ▶ Available: **NOW**.
