

DPC-4

The DPC-4 is a scalable, managed desktop designed to improve business efficiencies with maximum performance, stability and choice. Delivering a robust feature set incorporating many of the latest business-relevant technologies; the DPC-4 has the flexibility and configurability to meet most user needs.

The DPC-4 is designed to offer impressive power savings in a proved, reliable design. Operations are simpler than ever before, thanks to improved manageability, easier customization and advance security options.

- ▶ Intel® Core™ Duo processors boost system level performance and shrink power consumption
- ▶ Efficient BTX design and HyperCool™ thermal-management technology helps save energy and boost reliability
- ▶ Can be preinstalled with any West-Call® Nurse Call software
- ▶ New Dell Energy Smart out of the factory
- ▶ Wave EMBASSY® Trust Suite delivers out-of-the-box security functionality
- ▶ Industry-standard solutions help ensure proven, easily integrated technology
