

EV-SPS1

The West-Call® Endeavor Patient Station is a single-gang device that allows patients to place a routine call and control the television and room lights through a pillow speaker. It also works with a standard call cord. When the cord is removed from the station, it will place a call. The red button on the station lights when a call is placed and cancels the call when pressed.

Features

- ▶ Places a routine call
- ▶ Works with pillow speakers or call cords
- ▶ Places a call when cord is removed from station
- ▶ Large call cancel button
- ▶ Fits into a one gang back box
- ▶ Cord-out override function
- ▶ Capable of controlling the room's TV and room lights when used with the appropriate pillow speaker
- ▶ Call assurance light on station
- ▶ Places a call if station loses power
