Terminal Cabinet

The West-Call® Terminal Cabinet is used to store all “Head End” nurse call central equipment, distribution panels, and Power Supply Modules. Typically located in electrical closets throughout the facility, terminal cabinets make identification of West-Call® nurse call systems easy and accurate. Made in the USA using high-quality US steel, the cabinets are UL certified and are easy to install. Solid or louvered doors are available. The 1822/6 cabinet is equipped with a fan and vents to ensure adequate ventilation, allowing the electronics to operate at optimum temperature.

- ▶ Made in the USA
- ▶ High Quality US Steel
- ▶ UL Certified
- ▶ Optional louvered door to allow ventilation
- ▶ Fan and vents provided on 1822/6 models
- ▶ Laser cut knock-out for multiple sized conduit access
- ▶ Two laser-cut holes for 110V receptacles to accommodate easy mounting
